## Spotlight on Answered Prayers

This time of year is always busy at House of Healing. Many missionary teams arrive to share their time, talents, and love of God with our Guatemalan friends. Read on to see some of the incredible things that God is doing in our midst!

The kitchen has a new look along with greater functionality.

Generous donors contributed to the purchase of roofing panels for the kitchen area on the upper deck of the House of Healing. Now Berna and her staff can prepare the feasts that are served to the people staying at House of Healing without worry about inclement weather!

This new stainless steel food prep table is so much nicer than the old yellow, termite eaten table!

Berna enjoys using her new stove.

These much needed and very appreciated upgrades to the kitchen are also due to loving and charitable donors.

Home Visitation Team is part of the medical and dental care team visiting House of Healing.

The medical and dental team celebrated a great week of serving the people of the area along with a birthday for one of their members!

Here, Alex is sharing his class with the clinic staff, who are learning about different types of laboratory exams.

The House of Healing staff met Flor Maria in 2021 who at that time was very underweight. Thanks to the support from Tanyas Gift, she is now at her normal weight. She is happy and grateful and sends everyone hugs and a big smile.

Being situated right on the most beautiful lake in the world (according to the author Aldous Huxley), it is no wonder that there might be a need for life jackets for individuals who want to experience the lake, but don't feel confident in their swimming abilities. If you are part of a team traveling to House of Healing and have room in your baggage for life jackets to be donated they will be put to very good use. All sizes are appreciated.

### Gratitude

- Many prayers of thanksgiving are given for the incredible gifts of roofing for the kitchen, a stove, a prep table and money towards the hot water system.
- Donations to Tanya's Gift which provided healthy meal support helped Flor Maria get stronger, grow, and share her beautiful smile with the world.

### Supplication

- Our dear friend, Flory, who has just celebrated her graduation from nursing school, is experiencing a medical emergency and needs our prayers. She is six months pregnant and has been put on bed rest in order to keep her and her child safe. Please pray for Flory, her husband, Edgar, and this precious child that she carries.
- Please pray for Yessica. She was rushed to the hospital with an abdominal abscess. She is a single mom with 2 youngsters. The doctors who were serving at House of Healing during this emergency fought for her to be taken to the hospital in Solola. Praise God that they were present and able to see the need for emergency attention.

### Congratulations

- Gladys and Flory have both graduated with their degrees in Nursing. We are so proud of their hard work and dedication.
