2026 Sponsorships - Basic Education - UPDATE

The school year has started in Guatemala, and our sponsored students are excited for the school year that lies ahead! This is a friendly reminder that sponsorships were due on February 15th but if

for some reason the deadline passed you by, there's still time to send your 2026 donation!

In the same way, if you would like to become a sponsor, here is a summary of our educational sponsorships program:

Basic Education

- Younger students who can walk to school (elementary grades) are sponsored at a \$240.00 level.
- Older students that need extra supplies and transportation to and from school (secondary grades) are sponsored at a \$340.00 level.
- HoH Sponsorship Administrator sends email notification to each sponsor with their student's status and annual letter explaining the process in late January.
- Sponsorship Payments are due to the HoH on or about February 15th.
- Sponsorship funds go directly to the family to assist them with basic living expenses like food and clothing, and necessary school supplies and expenses.
- Distributions of sponsorship money occur 5 times a year, corresponding to the students' grading period. The student's parent(s) must show a current report card to receive funds.

If you feel led to sponsor a student, please email us at:

2026 Sponsorships - Professional Education - UPDATE

As you learned on our last issue, House of Healing is currently extending invitations for adult education sponsorship opportunities to help our Guatemalan brothers and sisters further their studies and prepare them to help their communities prosper!

Of the three young adults we spotlighted in our last newsletter, Madally, Karen and Eli, we give praise to The Lord that Madally has been fully sponsored for the 2026 school year, and Eli has been partially sponsored. We trust that God will provide sponsorships for Karen's Physical Therapy degree, for Normita's English classes, and the remaining portion of Eli's education program!

In addition, we have several student candidates awaiting sponsorship for the Veterinary Technician program, which is \$1,000 USD per year for 3 years. Would you like to become an adult education sponsor?

We would also like to extend our gratitude to The Lord for the sponsors of the adult education students currently in our program: three Registered Nurse students, three Lab Tech students, one

Medicine student, an ultrasound and radiologist tech student, and a dentistry student.

Praise The Lord! Madally has been fully sponsored for the 2026 school year!

Eli has been blessed with a partial sponsorship for his Lab Tech degree!

Norma is studying English. She is currently seeking sponsorship to help pay the cost of her English study program \$1,020 in total.

Karen is currently seeking sponsorship for a Physical Therapist degree!

Meet Our Partners

Tzampetey Coffee Cooperative

December through April you will find many people by the coffee trees harvesting those red beans that will eventually find their way to your coffee cup.

Founded in 1990, the coop pays local taxes on their harvest which helps to put in roads and keep them in repair and helps the three communities involved in general.

If the coyotes ("independent" sellers/buyers), which you can see all along the road with their scales and 200 pound bags of beans, buy the coffee, the taxes go to large and popular cities like Antigua which already have other sources of income, like tourism.

The whole family participate in pruning, fertilizing, and harvesting. And it is lots of fun... plus to see families work together is awesome.

Having had the opportunity to be involved in harvesting and other aspects of the coffee season, it is always a blessing to sip the coffee and think of our friends in the area.

Miss Teri's first ministry in Guatemala, gave the coop their first computer. It has been exciting for her to see them grow over the years!

135 families, 550 people in the Tzampetey area work together to form the Tzampetey coffee cooperative.

HELP WANTED!

Hope List

Please partner with us in praying for the Lord to provide the following items to the Kingdom ministry of the House of Healing:

- New Lab Machine. We have an opportunity to purchase a new lab machine that will allow us to measure 100+ more parameters than the older machine we have. The cost is \$3,275 USD. We are hoping to sell the older one, however, the offer is really only for a short time through a contact Alex has made on his last practicum.
- General Fund donations. Please remember that continued operations of all of the ministries of House of Healing are completely dependent on our General Operating/Ministry Fund. Please prayerfully consider one-time donations or scheduling recurring donations to our General Operating/Ministry Fund. In

2025, our General Fund was significantly UNDER-funded, and the needs only continue to grow in 2026. Please consider your sacrificial gift as an investment in eternity.

- Bed bridges - Quantity 2 - Cost in USD: \$94
- King size sheets - Quantity 2 - Cost in USD: \$100
