*"The House of Healing (Casa de Curacion) Foundation brings glory to God, by providing for the physical, emotional and spiritual needs of people in Guatemala and by offering hospitality to people who come to serve."*

## Spotlight on Sponsorships

For I was hungry and you gave me something to eat, I was thirsty and you gave me something to drink, I was a stranger and you invited me in, I needed clothes and you clothed me, I was sick and you looked after me, I was in prison and you came to visit me.

**Matthew 25: 35-36**

## Annual Sponsor Update

The House of Healing Foundation would like to thank all of you who participate in our Guatemalan Student Sponsorship program! At the present time, we have about 175 children of God receiving sponsorship support! This is an incredible blessing to those families. The cost to sponsor a child ages 3-12 (pre-school and elementary school) is \$200 per school year. This pays for books, shoes, uniforms, school supplies and other needs of the student. Students aged 13 to 15 year old are in middle school or secondary school. To sponsor a child in these grades, it costs \$300 per year because of additional transportation costs. The parents have to choose between transportation to school or other family needs. The additional \$100 helps to provide the transportation necessary to get to and from school. We hope that you will prayerfully consider helping us continue to do God's work in Guatemala.

The students and their guardians feel blessed that you have been faithful and are a part of their lives. They feel loved and cared for and consider you a part of their immediate family, their Godfathers and Godmothers - Muchas Gracias.

We have found success with the online donations process. It is easy to set up and you can track your donation and receive a receipt via email. Again, thank you for sharing your hearts and prayers with our Guatemalan children and families.

These mothers are waiting to receive the sponsorship distribution for their child. The families are very grateful for the support they receive throughout the year. It makes it easier for the families to participate in different activities in their communities. The sponsorship recipients are very grateful to the Godfathers and Godmothers who give from the heart. They ask that God bless them in the name of our Lord Jesus Christ. Also, thanks are given to the team for the coordination and work that makes this lifeline possible.

FINAL SPONSORSHIP DISTRIBUTION  
FOR THE YEAR

This is the Saloj Galindo family. Mayra has four kids, Areli, Damaris, William and Yostin. They came to House of Healing because Areli and William had chronic malnutrition. House of Healing started providing vitamins and milk to the family. Then Mayra slowly started opening up and asking more questions about what House of Healing does for the people of Guatemala. The staff explained that House of Healing is a ministry that helps with nutrition, educational sponsorships, medicine, psychology, construction, visits and medical journey. She described how she was living with her kids and trying her best to feed them because her husband is an alcoholic and has abandoned the kids. But now she is very grateful to God and the sponsors! She explains how every time she receives sponsorships, she buys food for the kids and she also buys clothing and shoes and internet so the kids that attend school can do their homework and projects. She was able to also fix a broken board on her roof and now it's stable.

Praise The Lord for the sponsors of this lovely family!
